

## Case study: Fermanagh & Omagh District Council

<b>Organisation</b>	Fermanagh & Omagh District Council
<b>Project Name/Title</b>	Public Water Refill Station
<b>Project Contact</b>	Emmett Brogan: <a href="mailto:recycling@fermanaghomagh.com">recycling@fermanaghomagh.com</a>
<b>Project Summary</b>	The rollout of 5 publically accessible Water Refill Stations. These will be located at key locations in high footfall areas within the Fermanagh and Omagh District
<b>Aims/Objectives of Project</b>	<ul style="list-style-type: none"><li>• To help reduce the use of Single Use Plastics by encouraging the use of reusable water bottles. In turn this will reduce or prevent litter and plastic pollution.</li><li>• Enhance the environmental management of the local area to reduce marine litter.</li><li>• Maintain and enhance the quality of public spaces to improve the health and wellbeing of our community.</li></ul>
<b>Funding</b>	Fermanagh & Omagh District Council and Part funded by DAERA/ Keep Northern Ireland Beautiful.
<b>Cost Savings</b>	Undetermined as of yet.
